Welcome to Boca Ciega Vista Estate

Event Concepts . Florida, a division of Catering By Robert, is pleased to offer complete event services at this expansive, waterfront property in the Jungle Prada neighborhood of St. Petersburg. Just minutes from the popular Treasure Island beaches and resorts, this location offers outdoor settings for destination weddings.

The main house, built in circa 1916, features a combination of Victorian and Key West styling. The property boasts several formal garden areas including a tree-shaded Koi Pond with hanging orchids.

Encompassing a 2.5 acre full city block, Boca Ciega Vista Estate offers a variety of settings for ceremony, social hour, and main reception. A newly constructed "crow's nest" observation deck and bar, offers spectacular views of the intercoastal waterway. The tropical elements surrounding the gleaming pool is the ultimate setting for a casual reception or interactive social hour.

The pool can be completely covered in Lucite to provide intimate guest table seating or a spectacular lighted dance floor.

The grand master bedroom on the second level, has the special ambiance for any bride and her attendants wishing to get ready there. The Pool House bar and game room gives another portion of the bridal party a separate area for pre-ceremony details.

A number of balconies overlook the gardens.

Surrounded by tropical landscaping and sweeping bay sunset views you will feel you have been transformed into another place and time . . . all within minutes of fine dining, shopping, golf, and Treasure Islands's finest beaches.
