SITE LOGISTICS / FORMAT

Private vacation rental homes that allow on-site events often have restrictions or special requirements for valet, off-site parking, or shuttle. We make it a priority to understand your vision and the unique features of the property you have chosen. If possible, we do a site visit with you or the owner that translates into a complete functional event layout and timeline.

HARD GOODS

We provide all basic table and chair needs for your event including their delivery, set-up, moving, and removal. Chairs can be basic white uncovered folding style or folding chairs that are covered with our in-house white, black, or champagne satin chair covers. Chairs are first placed in the ceremony area and then moved to the reception.

CEREMONY INCLUSIONS

We offer a choice of four different ceremony arbors/backdrops for your beach or lawn celebration, along with white or black shepherd hooks with lanterns and other "hanging" containers for the aisle. We also handle your rehearsal the day prior along with the ceremony "cueing" for bridal party members, your officiant, and music suppliers the day of the wedding.
